# ABOUT ME

I'm Maggie, from Kent, with racing in my blood. As one of three siblings, I'm fortunate to have the unwavering support of my parents in my racing. Beyond racing, I'm also a talented catering student, known for whipping up exquisite meals for my family and friends at a moment's notice.

My culinary expertise includes specialties like pea and ricotta ravioli and perfectly poached eggs. I'm a dedicated F1 enthusiast, constantly devouring racing content on TV, YouTube, and my grandad's hand me down autosport magazines!

**#188**

My roots in motorsport run deep, with my grandfather being a prominent Saloon car championship driver and Monte Carlo rally participant during the 1970s and 1980s. His unwavering support has been a driving force in my career, offering me valuable inspiration and motivation.

# ACHIEVEMENTS

In 2024, I achieved some of the most significant milestones in my racing career. I won my autograss club's Ladies Class 1 championship and competed in the BRSCC Fiesta Junior Championship, finishing 2nd in my class overall.

A highlight of the season was at Silverstone International, where I made history as the first female to achieve pole position in qualifying in a field of 23 cars during the final meeting of the championship.

Looking back to 2023, I was thrilled to clinch the Junior Auto Grass Championship title in a Toyota Yaris.

Among over 105 talented juniors at the Autograss National Junior Championships, I secured a strong 6th place finish and proudly emerged as the top-ranked female in the standings.

My passion for improving my skills also led me to the SIM Motorsport Race School, where I set many lap records during coaching sessions and won the coveted win for the overall academy.

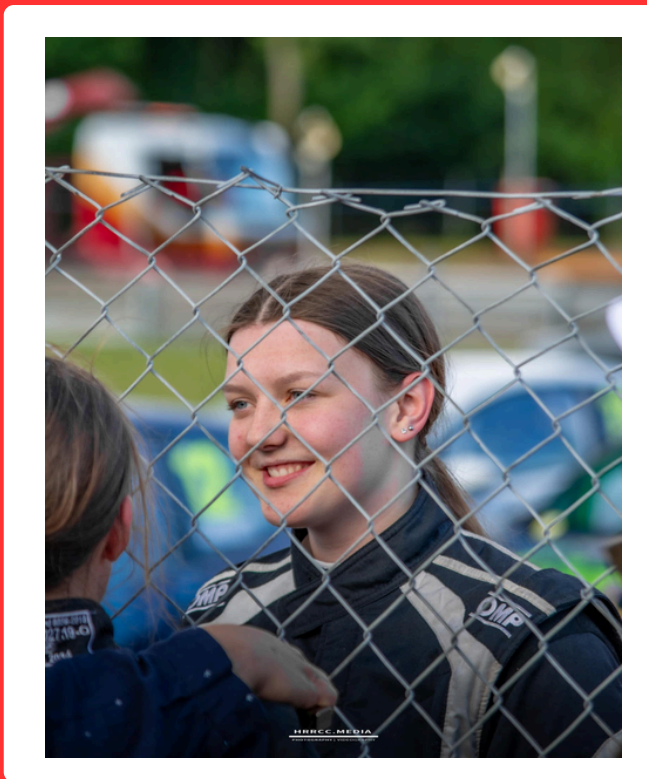

These efforts earned me the "Young Gun" award for the most improved Junior driver and the honour of carrying the prestigious "1" number as the top points scorer in my club.

My journey has been one of consistent growth, and each achievement fuels my determination for even greater success in motorsport.

# WHAT NEXT ?

Providing the perfect stepping stone up the tin top ladder, the BRSCC Fiesta ST-240 Championship is the perfect place to to extend your tintop motorsport career. Boasting capacity grids and producing ultra-competitive racing, the Championship uses a Mark 7 Ford Fiesta that produces up to 240bhp and runs on Goodyear racing tyres.

The AIRTEC Motorsport Fiesta ST240 Championship is a superb saloon car platform that drivers can use towards their goals of reaching major national series such as touring cars or the British GT.

The Fiesta ST240 Championship features a “Pro” and “Am” class structure, allowing both the fastest and more career minded drivers, and those who race simply for their own enjoyment and competition, to battle for dedicated silverware in each.
